SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

Drought Update

- A Drought Task Force (DTF) update is attached.

Cal OES COASTAL REGION

Jet Fuel Release, Point Mugu Naval Air Station, Ventura County, SPILL: 16-6999

- On 11/18/16 at 0637 hours the California State Warning Center (CSWC) received a report from the Navy Regional Dispatch advising that a release of Aviation Fuel (JP-8) occurred at the Naval Air Station Point Mugu in Ventura County. SPILL: 16-6999 was generated.
- The release occurred when a tanker truck collided with a barrier at the main gate at the Naval Air Station.
- The California Department of Fish and Wildlife Officer on scene advises that the tanker was a two tank truck. The first tank had all of the fuel removed from it and the second tank has released approximately 1,556 gallons of fuel.
- The release has entered a storm drain, but the amount is unknown. The release has impacted Mugu Lagoon Wetlands.
- The California Highway Patrol (CHP) has closed on and off ramp to HWY 1 at the northeast entrance of the facility where the release occurred.
- The Cal OES Law Duty Officer (LDO) made contact with the Point Mugu Naval Air Station Military Police, who advised the following:
 - Per the Military Police Watch Commander, they are in the clean-up phase of the incident.
 - They have no un-met needs and there are no requests for assistance.
 - They are being assisted by Ventura County Fire and Law Enforcement.
 - It is estimated that less than 100 persons have been evacuated as a result of this incident. The impacted area of evacuation is on base, Point Mugu NAS housing only.
- The CSWC is making all appropriate notifications per Hazardous Materials SOP.
- Cal OES Duty Officers are monitoring the situation and will provide updates as they become available.

Cal OES INLAND REGION

- Nothing Significant to Report.

Cal OES SOUTHERN REGION

Remote/Community Isolations:

- None reported

WEATHER OF CONCERN

Weather of Concern

- A Pacific frontal system will be moving through Northern California over the weekend bringing moderate rain and mountain snow to most of the north state. Gusty winds will also accompany this system.
- A hard freeze warning is in effect for this morning for parts of Kern County. Temperatures will fall into the mid 20s.
- Gusty Santa Ana winds will affect portions of Los Angeles and Ventura Counties through this afternoon. The offshore winds will cause widespread drying, especially over Los Angeles and Ventura counties where a Red Flag Warning is in effect for critical fire weather conditions.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER SYNOPSIS BY REGION

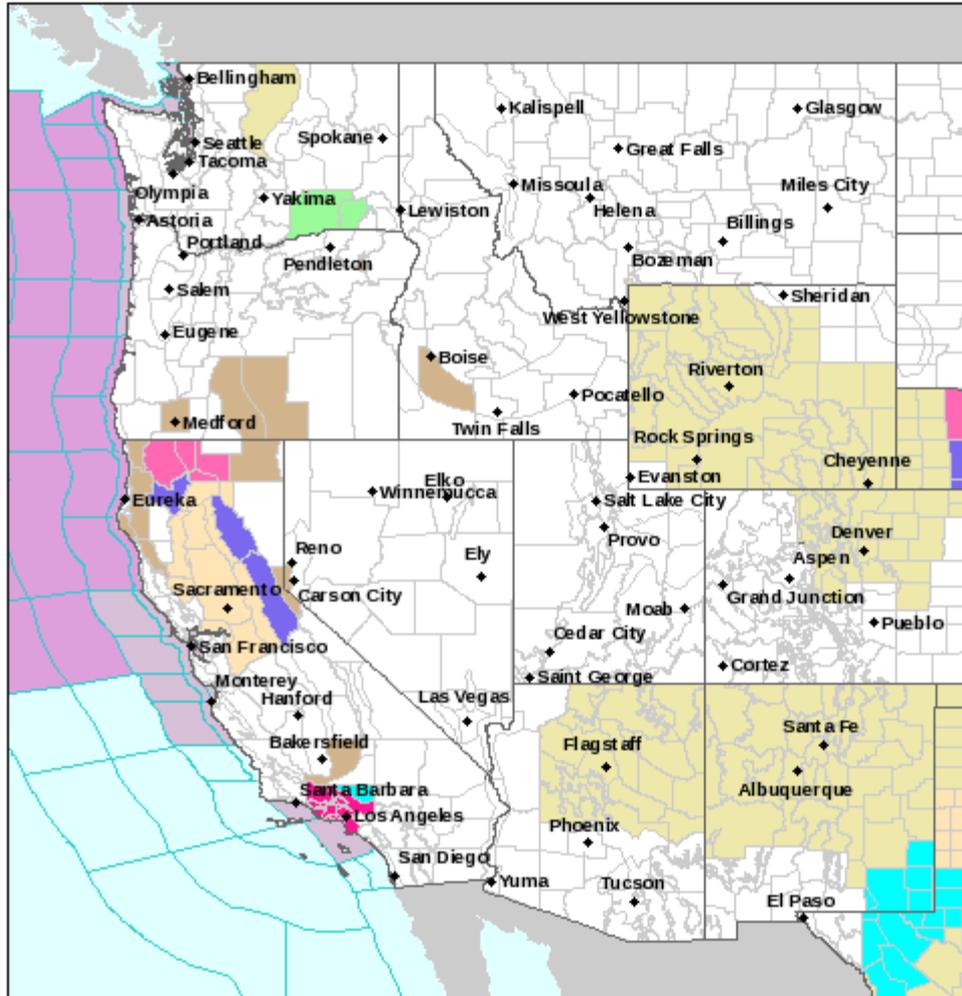

NORTHERN CALIFORNIA

A relatively strong, rather wet weather system will arrive at the coast this afternoon and move inland overnight. Rain or snow will hit all areas of the region over the weekend. Only light precipitation is expected Monday, but overall cool, moist and rather cloudy conditions will prevail. Without much of a break between systems, light precipitation is expected again Tuesday into next Wednesday, especially in the northern areas. There is still a lot of uncertainty about the details of the Thanksgiving holiday period/weekend, but it appears likely that some inclement weather should be expected then. Daily max temperatures will mostly be just below seasonal averages for the next 7 days. Some gusty southerly winds will develop this afternoon ahead of the incoming weather system and continue tomorrow. Gusts may become as strong as 40-50 mph in the windiest locations today and tonight, especially in the mountains and for the Shasta Valley. Somewhat lighter wind speeds are expected tomorrow. The lowest snow levels with these systems will vary, but will basically be from 3500-5000 feet in the north and 5500-7000 feet in the south. Some snow accumulation is expected at the lower elevations of those ranges as well with more significant amounts at the higher elevations.

SOUTHERN CALIFORNIA

Locally gusty offshore winds are continuing early this morning across many areas of Southern California. The winds this morning have a slightly more easterly orientation which is resulting in the strongest winds taking place over Northern Los Angeles County, Ventura County as well as areas in and near the Banning Pass. Winds will likely increase across Orange County and much of San Diego County later this morning. In general, expect winds of 15-25 mph with gusts to 40 mph in these areas before winds slowly decrease this afternoon. Relative humidity (RH) recovery was very poor in these windy areas and single digit RH will be likely through most of the day. Temperatures across Southern California will continue to be 5-10 degrees above average with highs in the 70s at lower elevations. Elsewhere, expect temperatures in the 50s to lower 60s at lower elevations to the 40s in the mountains. This weekend, a strong low pressure area off the Pacific Northwest coast will spin a pair of troughs into the area. The first trough will reach the central coast and the Sierras north of the Sierra National Forest Saturday, bringing widespread rain and mountain snows. Expect up to 2 inches of rain along the central coast from northwest San Luis Obispo northward and an inch of rain in the Sierra Foothills north of Fresno County Saturday into Sunday morning. The Sierras north of Yosemite National Park may see up to a foot of snow. Snow levels may fall to 6,500 feet by Saturday afternoon. The front will likely wash out before reaching Southern California, but a second trough will likely bring rain to areas south of Pt. Conception Sunday night into Monday morning. Rainfall over Southern California may range from 0.25" – 0.50" with higher amounts in Ventura and Santa Barbara County. Temperatures this weekend will be significantly cooler with highs in the 60s at lower elevations to the 30s and 40s in the mountains. Warmer weather may return for early next week, but another storm may bring precipitation to the northern half of the state by next Thursday.

CAL OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- Nothing Significant to Report

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2016-Coastal-26848:** Caltrans - Hazmat Manager for DROC for the Clayton Fire in Lake County. On Scene 09/28/16 - 12/16/16. **Mission Ongoing.**
- **2016-Coastal-26842:** CDFW - Oil Spill Prevention Specialist for the Clayton Fire in Lake County. To be On Scene 10/03/16 - 12/16/16. **Mission Ongoing.**
- **2016-Coastal-26477:** Cal Recycle debris removal assistance requested for the Clayton Fire in Lake County; on scene through Mid-December. **Mission Ongoing.**
- **2016-Coastal-26412:** DTSC clean up assistance requested for the Clayton Fire in Lake County; on scene through Mid-December. **Mission Ongoing.**
- **2016-Southern-25043:** California Department of Public Health to conduct housing and food inspections for detention facilities through 12/31/16. **Mission Ongoing.**
- **2016-Southern-25037:** California Division of Drinking Water to conduct surface water inspections for 11 water systems and train new hires through 12/31/16. **Mission Ongoing.**
- **2016-SOC-24742:** Hazardous Waste Task Force to segregate, collect, and package hazardous waste at the 250+ destroyed and damaged structures in the Erskine Fire burn area. This is expected to be in place through December 2016. **Mission Ongoing.**
- **2016-IREOC-21748:** Tasking Cal Trans to extend state highway right of way to facilitate hazard tree removal. This is a long term mission and is expected to remain in place through the summer months. **Mission Ongoing.**
- **2015-IREOC-19846:** One RAWs weather station to Amador OA – On scene 11/30/15, expected to be left in place until May 2017. **Mission Ongoing.**

Cal OES 2016 DROUGHT

The SOC remains activated in support of the Drought State of Emergency and continues to monitor the situation.

Current Local Emergency Proclamations:

A total of **58** local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 10 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of Rancho Cucamonga (San Bernardino County) City of West Sacramento (Yolo County), and City of Fort Bragg (Mendocino County).
- 11 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tolowa Dee-ni' Nation (Del Norte), Tule River Indian Tribe (Tulare County), Tuolumne Band of Me-Wuk Indians (Tuolumne County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
